

# Enhanced Covid Testing Service

Let us focus on the health of your *employees,*  
so you can focus on the health of your  
*business.*

---

Ensuring the safety & well-being of your employees and business is more important than ever. Employers can now have an onsite rapid antigen test to screen for COVID-19 among employees, and also get immediate, remote virtual physician support.

---

## About Us

A Canadian leader in telemedicine, gotodoctor.ca is backed by an experienced physician and medical team from Enhanced Care Medical Clinics. With over a decade of meeting the health care needs of Canadians, the team of 90 physicians and 150 allied health professionals and staff look after more than ten thousand patients a month. Gotodoctor.ca is a preferred virtual care provider on all McKesson Retail Banner Group and Rexall consumer-facing web services.
